

## TIME Research Seminar Series

**Dr. Tom Maes** (Bayer Healthcare)

What I learned after graduating from university

**Seminar Summary:** There are some things that cannot be taught in class. By entering the workforce armed with a university degree, you will experience a steep learning curve. During this presentation, I will share how my personal learning curve enriched the way I present results, how it made me fond of diversity and inclusion, and how I finally figured out how to bridge the gap between the theory and the practice of leading teams.

**Speaker Bio:** Dr. Tom Maes holds a PhD in chemistry (KU Leuven). He is a plant manager turned consultant turned strategy and risk manager turned innovation geek. He is passionate about finding, driving and implementing innovations that skyrocket the flexibility and performance of supply chain and production at Bayer. Find him on Twitter at @tljmaes.

When and where:

Wed., **25 May 2016**

2pm to 4pm

**Room 301**

Kackertstraße 7  
52072 Aachen

Seminar places are limited. **Registration** and full information via **diener@time.rwth-aachen.de**.
